GREATER THAN GOLD

Greater than gold
My Saviour's blood is worth
The cost of life
Transcending all this earth
Oh blessed gift!
Such grace to give so free
That You did choose
To spend on me

The tree of life
By Adam's frailty
Now tree of death
The wrath of destiny
Oh fateful day!
When by the fruit we fell
And from God's word
We did rebel

The tree of death
On which the Saviour died
Now tree of life
His purpose glorified
Oh joyful day!
When Eden was restored
Justice and love
On Adam poured

Greater than love
For me His blood was spilt
And at His feet
I kneel with sin and guilt
Oh stingless death!
When on that wondrous morn
My ransom paid
My soul reborn
