ONLY ONE CROSS

Only one cross, the earth was still
Darkened by sun-hid skies
Yet in that dawn what joy there was
To see the Son arise

Only one truth, no other God
Humbled Himself to save
Stretched out His arms in perfect love
As of His life He gave

Only one way, no other path
Leading to God on high
Narrow the gate for those who pass
And on His grace rely

Only one faith and one belief
There is no other name
In Him my portion is complete
The Lord of Lords proclaim
