YOU CALLED MY NAME

You called my name when I was in the wilderness
The promised land seemed way to far away
I thought that freedom came from wandering wherever I choose
But freedom is found in You

You called my name when I was lost for all those years
I didn't see Your guiding cloud and fire
I thought salvation came from worshipping whoever I choose
But salvation is found in You

Take me to the promised land
Lead me to the Jordan
Baptise me where I stand
Guide me, o great 'I AM'
To the cross of Jesus
According to Your plan

You called my name from high upon the mountain
I didn't hear Your wisdom and Your law
I thought fulfilment came from doing just whatever I choose
But fulfilment is found in You

You called my name when I was least expecting
Opened my eyes and ears and heart to You
I saw that freedom comes from living life according to You
And this freedom is what I choose

Take me to the promised land
Lead me to the Jordan
Baptise me where I stand
Guide me, o great 'I AM'
To the cross of Jesus
According to Your plan

You called my name
